National Gardens Scheme

The Society is very pleased to publicise the opening of the Ambrose Place Back Gardens to the public on **Sunday 23 June**. They hope to welcome many members and friends of the Worthing Society and thank us for our support.

Hilary Leeves
13 Ambrose Place

PUBLISHED IN THE WORTHING SOCIETY'S COLUMN IN THE MAY 2019 EDITION OF THE WORTHING JOURNAL

One of our committee members was in town recently and was approached by a visitor from France asking where she could find the Tourist Information Office.

It strikes me that the Information Point in the Pavilion Foyer fulfils only a very basic role as a tourist office, unmanned, poorly resourced and with no significant signage to advertise it's presence. This is a missed opportunity.

In 2016 there were an estimated 296,000 staying trips and 3.6 million day tourist trips to Worthing with total expenditure by visitors estimated to be £143.5m.

To support such an important industry and help reinvigorate the town centre a centrally located, well thought out, well sign posted Tourist Office to promote Worthing is in our view essential. It requires a significant upgrade including perhaps being manned during the summer. It should also ideally be managed alongside the excellent Discover Worthing Website not separately as is the case now.

I appreciate that many visitors plan their visit online before they arrive so the website and Information Points at Hotels and Bed and Breakfast establishments are equally vital.

However a well functioning centrally located Tourist Office should be part of a co-ordinated effort to promote Worthing to visitors.

Sue Belton

APRIL 2019

Launching the Town Centre Blue Plaque Heritage Trail

The Worthing Society is today launching its new Town Centre Blue Plaque Heritage Trail. Taking about an hour it includes some of Worthing's most notable buildings, monuments and sculptures. Designed to appeal to visitors and residents alike. Trail leaflets available from the tourist office at the Pavillion Foyer, the Library and Museum or click on the following link :

[Town Centre Trail](#)

MARCH 2019

The Spring-Summer Newsletter has now been published on the Web Site

PUBLISHED IN THE WORTHING SOCIETY'S COLUMN IN THE MARCH 2019 EDITION OF THE WORTHING JOURNAL

Worthing Society members and local residents have contacted me with serious concerns about the Council's proposal to erect a 'Giant Observation Wheel' approximately 45 metres high on the foreshore opposite Montague Place. Marine Parade is narrow so nearby residents can foresee issues of privacy resulting from the close proximity of the wheel., whilst safety lighting at night could be intrusive.

Montague Place is within the South Street Conservation Area. The openness of the views are an important feature and the wheel could be over-dominant in this setting. Feedback we have received shows residents value the traditional seafront character of the town.

Worthing Planning Department informed me that a planning application is required and is currently awaited. A period of consultation with residents and other statutory consultees will follow, with the final decision taken by the Planning Committee.

The Society is keen to see an active tourist economy but consider this is the WRONG location for such a large structure. The potential effect on the area and importantly local residents could prove unacceptable. This must not be viewed as 'collateral damage' in the drive to create new visitor attractions. A more suitable location needs to be sought if this venture is to go ahead.

Have your say: contact your local Councillor and the Planning Department.

Sue Belton. Worthing Society Chairman.

FEBRUARY 2019

PUBLISHED IN THE WORTHING SOCIETY'S COLUMN IN THE FEBRUARY 2019 EDITION OF THE WORTHING JOURNAL

The Worthing Society Committee would like to wish everyone a very Happy New Year. We warmly welcome new members of all ages to support our work in conserving Worthing's historic environment but also acting as a 'watchdog' ensuring new developments avoid the planning mistakes of the past. We do not wish to 'mothball' the

town but rather aim to see good quality design and sensitive regeneration of our town centre conservation areas. As a member you will be helping to make sure our voice is heard. 2019 will be a turning point for Worthing with significant large-scale plans-so have your say!.

Other initiatives include inviting members contributions to our active Website and Facebook page. We recently uploaded members articles about Worthing's Lifeboat History , Navarino Road and Ambrose Place. An article about Jane Austen's stay in Worthing will feature later this year! We hope to add to our Blue Plaque Trail highlighting the town's interesting historical characters. Our heritage talks, including an online Picture Gallery are available to schools, groups and clubs.. If you are interested in a talk for your group please get in touch via: worthingsociety@yahoo.co.uk

JANUARY 2019

Plaque Rededication & Unveiling

On January 28th a rededication & plaque unveiling took place at Beach House to :

- **Beach House, Basque Refugee Children**
- **King Edward VII**
- **Edward Knoblock**

For an account and pictures of the unveiling ceremony return to our web site www.worthingsociety.org.uk and select "RECENT EVENTS"

PUBLISHED IN THE WORTHING SOCIETY'S COLUMN IN THE JANUARY 2019 EDITION OF THE WORTHING JOURNAL

This year The Worthing Society will build on the achievements of 2018 which included the successful Campaign to upgrade parts of the South Street Conservation Area and to improve the access to the Lifeboat Memorial Stone at Splashpoint . We also plan to extend our popular Group Talks about Worthing's built heritage and Blue Plaque Trail to younger students at school or college. The Committee will be working hard to monitor the significant new planning applications expected later this year. These will include Station Square (Teville Gate), Union Place and more recently the proposals to redevelop the Beales site. This proposal is to retain the store while extending parts of the complex to deliver 45 residential units. 2019 will be an exciting year for Worthing with combined development plans for retail and residential units aiming to revitalise the town centre.

Nevertheless the Society will keep a watchful eye on this urban architectural development. We welcome regeneration but need to ensure the planning mistakes of the past are avoided. This means high quality design to complement the historic character of the town centre. A busy year beckons! We welcome new members of all ages. By increasing our membership we increase our influence in the town.

To get involved see our website at www.worthingsociety.org.uk

Facebook Page: <https://www.facebook.com/worthingsociety/>

With best wishes for 2019

DECEMBER 2018

PUBLISHED IN THE WORTHING SOCIETY'S COLUMN IN THE DECEMBER EDITION OF THE WORTHING JOURNAL

The Worthing Society is deeply concerned at the decisions by Adur District Council to approve the sizeable IKEA and New Monks Farm developments. These decisions have the potential to cause significant long term harm to the natural environment, the setting of the South Downs National Park and will severely exacerbate the horrendous traffic congestion already experienced by motorists using the A27. The impact on the Worthing section will be severe discouraging both new business investment and visitors from coming to Worthing, resulting in an adverse effect on our economy.

We fully support Tim Loughton, MP for Shoreham and East Worthing in his application to have these controversial decisions given closer scrutiny by James Brokenshire MP, Minister for Communities, Housing and Local Government. The Society has submitted a formal 'Call-in' request to the Minister registering our significant concerns. These controversial decisions increase the urgency for Highways England to produce a long-overdue acceptable proposal to upgrade the A27 'economic corridor' through Worthing whilst protecting the South Downs National Park.

Have your say on this important issue for our town - email your support and comments to:

tim.loughton.mp@parliament.uk

With 'Seasons Greetings' to all our members and Journal readers.

NOVEMBER 2018

STORM Clean up Event Bedford Row

Dear Members,

I went along to support STORM to carry out another 'Clean-Up' event in the Twitten behind the listed Bedford Row on Saturday 24 November. The weeds and rubbish had accumulated quite badly since the last event in August. Everyone worked extremely hard even though it was a very wet afternoon! The results were impressive and one local resident joined in with the weeding. I have thanked the Reverend Ginny Cassell and her team from STORM Ministries. We hope that as part of the Worthing Society Campaign to upgrade the South Street Conservation Area the Local Authority parks and Gardens Team will manage the maintenance of the historic twitten in the future. The Twitten is part of the old grid layout of Worthing and features in some of the early 19th century maps of Worthing.

Thank you again to all who took part.

Susan Belton
Worthing Society Chairman

EAST PRESTON GETS ITS FIRST BLUE PLAQUE

East Preston is now proudly on the map of the country's blue plaques. On Nov 17th, a plaque was unveiled at Far End in Sea Lane, honouring married couple Edith Ayrton and Israel Zangwill. The unveiling this year is especially apt as both were lifelong campaigners for women's suffrage and world peace. Both successful, published authors, some of whose works may well have been written in East Preston. The play of Zangwill's novel, *The Melting Pot*, was produced on Broadway, popularising a now familiar phrase. The plaque has been installed by East Preston Parish Council and was unveiled by the Zangwills' daughter-in-law, Shirley Zangwill who was married to their younger son, Oliver. Messages of good will were received from the Zangwills' granddaughters in America, Caroline Zangwill and Patty Holland-Branch, who wrote, "Ayrton Israel, their oldest son, was our father. All of our families are appreciative of this significant honor and recognition of our grandparents' contribution to world peace. They continue to be role models to my sisters and my children and grandchildren!"

Current owners of Far End, Amy and Simon Comins, said, "We were absolutely delighted to have been approached by EP Council about the possibility of receiving the first blue plaque in the village. We are very proud of the history associated with our house and the historical significance of the early suffragette movement in our local area." Emmeline Pankhurst is believed to have stayed in the house at the height of the suffragette movement.

Shirley Zangwill added, "I thank East Preston Parish Council so much for asking me to unveil the Blue Plaque to honour Edith and Israel Zangwill. It was a fantastic occasion for me and I enjoyed every minute of it, meeting so many lovely and interesting people. Such a wonderful day, thank you once again."

Cllr Elizabeth Linton said, "The council is very pleased to be able to commemorate this wonderful couple on its first blue plaque. This brilliant couple were well known for their literary works and their active idealism for a better world. We were especially pleased to welcome their daughter-in-law Shirley to carry out the unveiling for us."

Also present at the event were Roddie MacLeod, a lifelong East Preston resident who remembers having tea with Edith Ayrton in Far End at the beginning of the Second World War; Irene Cockroft, a leading expert on British women's suffrage; members of the East Preston & Kingston Preservation Society; and members of the local Jewish community

OCTOBER 2018

Cleaning up the Lifeboat Memorial Garden

Dear Members,

I am delighted to report that Worthing Borough Council's Tourism and Marketing Officer has organised a further clean up of the Lifeboat Memorial garden together with other Council colleagues who kindly volunteered. The local group STORM had worked on the garden in the summer but it had again become overgrown and needed an Autumn clean up.

Our Honorary Secretary Gill Tucker attended the event and expressed our sincere thanks. The results are most impressive: the trees have now been trimmed back and the Memorial Stone donated by the Worthing Society is now visible to residents and tourists from the promenade.

For an account and pictures of the event go back to our web site :-

www.worthingsociety.org.uk and select "RECENT EVENTS"

Thank you again to all who took part.

Remembering the Centenary of World War 1

At this time of the year it is appropriate for us in the Worthing Society to recognise the centenary of the end of World War 1 and those who fell during the conflict.

Marie Pringle, one of our members who lives in Ambrose Place, has forwarded an excellent document produced by Tom Wye with biographical details of two brothers who lived at 10 Ambrose Place and who fought and were killed in the War. We are very grateful for permission to include a link to the Document:- www.worthingsociety.org.uk/WSAR_Articles_Marie_Pringle.pdf

PUBLISHED IN THE WORTHING SOCIETY'S COLUMN IN THE NOVEMBER EDITION OF THE WORTHING JOURNAL

The Worthing Society Committee has had a busy year! We are well on our way to achieving our priorities for 2018. Our aim is to contribute to the local community by continuing our series of Heritage Talks to local groups as well as furthering our Campaign to upgrade parts of the South Street Conservation Area. Another initiative making progress is the restoration of the beach garden at Splashpoint, home to the Lifeboat Memorial Stone

As 2018 draws to a close we remember the centenary of the end of WW1 and those who made the ultimate sacrifice. I shall be making a donation on behalf of the Society to the Poppy Appeal. We welcome the initiatives of local groups commemorating the magnificent contribution of Worthing's population. This landmark year also marks 100 years of women's suffrage and celebrates women's achievements generally. We were delighted to dedicate a Blue Plaque in honour of Worthing's courageous 'Pioneer Conservationist,' Pat Baring founder of what is now the Worthing Society, and who saved many of Worthing's historic buildings.

Hope to see you at our Christmas Meeting on 27 November at 7.30pm in the Worthing Library Lecture Theatre. Our Speaker is Mark Perry Nash on the 'Life, Works and Message of Charles Dickens.'

We warmly welcome new members of all ages. If you would like to get involved please visit:

www.worthingsociety.org.uk

Sue Belton, Worthing Society Chairman.

Jo and Frank Hutchinson's memorial plaque, on Worthing Pier

Jo Hutchinson's recent death has brought to an end a lifetime's collaboration by her and her husband Frank, with Worthing's cultural scene.

Many of our members will have known them and may even have worked with them.

The following activities stand out among their many contributions to local Arts and Culture, over a 60 year period:

- Both were Chair of The Friends of Worthing Museum & Art Gallery, at different times.
- During their tenures, they rescued the Museum's neglected garden and transformed it into a harmonious exhibition space for sculpture and art installations. They played an active role and were committed fund raisers for the provision of the museum lift.
- Jo acted and was subsequently Director of the West Sussex Players, whilst Frank took diverse leading roles in its productions. He was also an active member of the Worthing Operatic Society and a regular participant in the Worthing Music Festival, for which Jo volunteered as well, over many years.
- Jo was the Chair of the Worthing Community Arts Council and worked with the Borough Council, to stage annual artists' exhibitions.
- Both were supporters of Worthing's Twinning Association.

In February 2016, Jo's achievements in the fields of local Arts and Culture were recognised by the award of a British Empire Medal by H.M. the Queen.

This memorial plaque is a fitting tribute to the memory of these two individuals' contributions to the Town, will be commissioned from an artist with experience in the field and exhibited in perpetuity on Worthing Pier.

PUBLISHED IN THE WORTHING SOCIETY'S COLUMN IN THE OCTOBER EDITION OF THE WORTHING JOURNAL

Earlier this year the Worthing Society instigated the Campaign to improve the town's conservation areas. Working in conjunction with Worthing Borough Council and the Town Centre Initiative, (TCI), we started with the South Street Conservation Area Campaign which includes Marine Place and the listed Regency terrace, Bedford Row. We are delighted with the initial progress made in upgrading the heritage buildings such as the Gospel Hall, Grade II Listed Bedford Hall and several town houses. Businesses are also being approached to improve tired commercial premises and unsightly bin storage. The Council have agreed to pruning overgrown trees in Bedford Row while volunteers from STORM Ministries worked hard removing rubbish and graffiti from the local twittens. STORM also cleared the garden around the Lifeboat Memorial Stone at Splashpoint. Highlighting the memorial to our brave Life Boat Service is part of our Campaign and we appreciate that the TCI have agreed in principle to funding an information board for the surrounding garden. The Society is also in

discussion with the Council to improve landscaping, regular maintenance and importantly secure better public access to the beach garden.

Our heritage is an irreplaceable resource which if well cared for can help bring more visitors to the town. Much still remains to be done and we will drive forward our Campaign but a great deal can be achieved when the community works together.

If you are interested in getting involved please contact www.worthingsociety.org.uk or by email to worthingsociety@yahoo.co.uk

Worthing Society Member

WORTHING LIGHT FESTIVAL

The Worthing Society are very pleased to promote Worthing's forthcoming Light Festival which takes place between 14th and 16th September. For full details go to:

www.worthinglightfestival.co.uk

GOSPEL HALL , BEDFORD ROW

The Worthing Society Committee are delighted to see that the owner of The Gospel Hall is commencing restoration of this historic Victorian building dating from circa 1850.

We are running a campaign to improve the overall aspect of this part of the South Street Conservation Area including the importance of upgrading the heritage buildings in Bedford Row which contribute to Worthing's unique character.

Our Listed Buildings and Conservation Areas Sub-committee have worked to bring about this positive outcome.

Some Pictures taken before (ABOVE) and after (BELOW) repairs

Susan Belton

PUBLISHED IN THE WORTHING SOCIETY'S COLUMN IN THE AUGUST EDITION OF THE WORTHING JOURNAL:-

The redevelopment of the former Police Station site in Union Place offers a unique opportunity to regenerate this part of Worthing town centre. Councillor Kevin Jenkins Cabinet, member for regeneration has asked local residents for suggestions to transform the area. The Worthing Society canvassed members for their views and the majority favour a mixed use development including some affordable housing for key workers plus leisure activities : possibly bowling, a world class climbing centre, ice rink and/ or indoor tennis courts.

We recognise that the plans must work commercially but would be wary of including a multiplex cinema which could have a negative impact on the Dome, Pavilion and Connaught Theatres so important to Worthing's heritage. Some space for new local businesses could be included to support the development

Worthing centre needs a vibrant community hub. The size and location of the Union Place area has the potential to deliver this unique experience for both residents and visitors to revitalise Worthing's economy. High quality design is vital as the site abuts the Chapel Road Conservation Area and the inclusion of an urban garden suggested by members would add a distinctive quality.

Have your say – email comments to: Kevin.jenkins@worthing.gov.uk

JULY 2018

STORM Clean Up Event / South Street Conservation Area Campaign

I am pleased to let you all know that David Clark (Hon. Publicity Officer) and I will be going to the STORM Clean Up event in Bedford Row on Wednesday and Friday afternoons this week from 2pm onwards on both days. This will also include the Twitten which runs behind Bedford Row.

The event is part of the The Worthing Society Campaign to improve this part of the South Street Conservation Area. We hope to generate pride in the area. Sharon Clarke suggested we use the STORM community group who are used to this type of event and have the necessary insurances.

It has taken time to get things rolling after our initial presentation to Martin, James and Judy Fox at WBC but progress is being made and we are now ready for some publicity! David has contacted James Butler from the Herald and we hope Paul Holden will also come along.

Planning Enforcement are making progress with the heritage buildings and local businesses and we shall be presenting the quotation for the Information Boards to the TCI fairly soon. The Denton Shelter has been repainted and we hope to improve the setting of the Lifeboat Memorial Stone. WBC will be pruning the trees later in the year to lighten the aspect.

Click on "LATEST EVENTS" on the Society's Home page for more information and pictures of the Event.

Sue Belton

PUBLISHED IN THE WORTHING SOCIETY'S COLUMN IN THE JULY EDITION OF THE WORTHING JOURNAL:-

Pride in our town

My colleagues and I have become increasingly concerned about the unkempt state of some of the town's Conservation Areas and recently decided to try and do something about it.

We have started with the South Street Conservation Area, which takes in historic Bedford Row and Marine Parade, both containing important heritage buildings. However this area is spoiled by unpruned trees, a large amount of litter, a huge number of commercial bins, graffiti, uncared for Twittens and tired looking premises. I am delighted to say that in conjunction with Worthing Borough Council and the Town Centre Initiative (TCI) action is being planned to tackle these issues.

As part of this campaign we are hoping to highlight the Lifeboat Memorial Stone that sits on the beach almost opposite Coast Café. It commemorates the history of our lifeboat service but currently there is no Information Board or signage to direct people to this site. In conjunction with WBC and the TCI we hope to remedy this.

By making our town look more attractive it makes it a better place to live and hopefully will help bring more visitors to Worthing.

David Clark, The Worthing Society

MAY 2018

National Gardens Scheme

and thank us for our support.

The Society is very pleased to publicise the 35th year of the opening of the Ambrose Place Back Gardens to the public on Sunday 24 June. Over that time £100,000 has been raised by Ambrose gardeners for the NGS charities. They hope to welcome many members and friends of Worthing Society

Worthing Society Data Protection Policy

As you maybe aware the legal basis for holding and using personal information is now being changed by "The General Data Protection Rgulations (European Union) and the Data Protection Bill to give greater protection to personal data. This legislation is currently going through Parliament and charities are required to issue all members with a copy of their Privacy Policy.

Please go to the following link to see a copy of the Worthing Society Privacy Document for your Reference:- [Worthing Society Data Protection Policy](#)

This document confirms the details we hold which are necessary to advise members about our work, meetings and events. Our database only includes your name, address, phone number and email address. We do not hold any financial details and will not disclose any information to third parties. All the data is securely held and password protected. Members can ask for confirmation of the personal details we have recorded and can request removal from our database at anytime.

I hope this information is helpful but if you have any concerns please do not hesitate to contact me.

Regards,
Susan Belton.
Worthing Society Chairman

PUBLISHED IN THE WORTHING SOCIETY'S COLUMN IN THE APRIL EDITION OF THE WORTHING JOURNAL:- Blue Plaques

Blue plaques connect us to the past, they're integral to the life of our town by reminding us of those who once slept, ate and worked in our buildings. Go to Stanford Square and you will see Jane Austen leaving her cottage, or wander down Ambrose Place and imagine Harold Pinter hard at work writing his greatest play "The Homecoming".

Plaques are expensive, particularly if very durable materials are used to withstand our coastal location. We are in touch with Worthing Borough Council about this problem to ensure the long-term protection of these plaques which highlight our heritage. Not all blue plaques were installed by us, and it is our and Worthing Borough's hope to combine all plaques into a more comprehensive trail. For now, you can access more information about the blue plaques here:

[http://www.worthingsociety.org.uk/WS Blue Plaque Trail.pdf](http://www.worthingsociety.org.uk/WS%20Blue%20Plaque%20Trail.pdf)

<http://openplaques.org/places/gb/areas/worthing/plaques>

Meanwhile, we would like to invite you to our AGM at 7pm on 24th April 2018 in the Library Lecture Theatre. Our guest speaker is Anthony Brook talking on Dr Frederick Dixon of Worthing: Geologist, Archaeologist and Benefactor to the town. And yes, we gave him a blue plaque, please visit our website to find out where: www.worthingsociety.org.uk

Jessica Gill

MARCH 2018

PUBLISHED IN THE WORTHING SOCIETY'S COLUMN IN THE MARCH 2018 EDITION OF THE WORTHING JOURNAL:- Distinction In Buildings Award (DIBA)

These awards are organised by Worthing Borough Council to encourage high building standards. Recently completed nominated buildings are judged by a panel, normally led by WBC's Head of Economic Growth and including the Council's Design and Conservation Architect; 1 or 2 Councillors plus a representative from each of The Worthing Society and The Conservation Area Advisory Committee. Public nominations are also invited so this is your chance to make a nomination.

Categories of eligible nominations include recently completed residential developments or conversions; restorations; shopfronts and schemes for disabled access. The judges discuss the entries and whittle them down to a shortlist. They then tour the shortlisted entries making notes en route and subsequently re-group to discuss their opinions until they reach agreement on which nominations are worthy of an award. Representatives for each winning nomination are invited to the Town Hall for the awards ceremony. Look for the plaques (not our blue plaques!) fixed to winning entries around Worthing. For detailed information about the awards system and previous winning entries see the Worthing Borough Council website www.adur-worthing.gov.uk/distinction-in-building-awards .

JANUARY 2018

PUBLISHED IN THE WORTHING SOCIETY'S COLUMN IN THE FEBRUARY 2018 EDITION OF THE WORTHING JOURNAL:-

The Worthing Society holds four meetings a year in the Worthing Library Lecture Theatre with a wide range of speakers.

Our next meeting is on Tuesday the 27th of February when the South Downs Film Makers will be showing their award winning film “A Jewel in the Town”. We send out two Newsletters a year and hold several social events and outings. In June we have our annual “Strawberries and Cream” Tea in Beach House and in December we have an outing to the Royal Albert Hall to see John Rutter’s Christmas Celebration Concert with the Royal Philharmonic Orchestra.

Beach House is a Grade II* listed building , built in 1820 and designed by John Biagio Rebecca who was also the architect of St. Pauls, Chapel Road in 1812 (listed Grade II*) and Castle Goring in 1797 (listed Grade I).

Castle Goring was purchased by Lady Colin Campbell in 2014 , when it was in a very poor state of repair. Thanks to her efforts it is now being restored and she recently invited members of the Worthing Society Committee to view the property. We were very impressed with all the work she has done in order to preserve the building.

Annual membership is Single £10, Joint £15. Guests / Visitors £3. Excellent value !

At our next meeting on Feb 27th doors open at 7 pm when coffee/tea and biscuits will be served.

All details can be found on our Web Site www.worthingsociety.org.uk

Hoping to meet and greet many of you this year.

Mascha Richards

Social Secretary / Treasurer

LISTED BUILDINGS

As many of you know those buildings or monuments regarded as important to our national heritage have been given Listed Building status by Historic England, either Grade I, Grade II* or Grade II. It is difficult these days to obtain a new listing as nearly all such buildings have listed status already. In Worthing there are 212 listed buildings. However you may not be aware that there are around 1500 "Locally Listed" properties in Worthing on two lists held by the council. These are buildings that are important to our local heritage and have some additional protection in planning policy. Historic England regards these local lists as increasingly important. These can be found through the council planning website. The first is a simple list compiled by the planning department and the second is a supplementary Local Interest Study by Saville Jones commissioned by the council in 2002. The Worthing Society makes about 6 applications a year to add buildings to the council's original local list. You may be unaware that your property is Locally Listed or you may know of a property that should be added. If you are interested in getting involved please get in touch.

Best Wishes for 2018.

David Clark, Publicity Officer

NOVEMBER 2017

MONTAGUE QUARTER

The following letter from Susan Belton was published in the Worthing Herald :-

The Worthing Society campaign to "Save the Trees" in the Montague Quarter continues! You may recall the Society previously suggested the possibility of a "Tree Cafe" design ([www.worthingsociety.org.uk/WS Save Our Trees.pdf](http://www.worthingsociety.org.uk/WS_Save_Our_Trees.pdf)) surrounding the trees as an attractive alternative to the glass kiosk for Patisserie Valerie, which will necessitate felling these historic Sycamore trees. We understand the developer, New River Retail Ltd responded to our proposal by stating that the trees are causing structural damage to the surrounding buildings so need to be removed.

Enquiries at Worthing Borough Council confirmed that documents submitted as part of the Planning Application in 2015 did not contain a "Subsidence Report" and the Arboricultural Statement made no reference to damage by the tree roots. The Worthing Society wrote to the CEO of New River several weeks ago inviting the company to share any new relevant information about potential structural damage to neighbouring buildings but to date we are still awaiting a reply.

We therefore continue to urge the developer to STEP BACK from the decision to fell these much-loved urban trees and explore any means possible to retain them. I must add that the Worthing Society welcome new business such as Patisserie Valerie to the town but considers regeneration should complement the towns existing character. These sycamore trees are an important part of the Montague Quarter which is within a conservation area.

Please don't let this be their last Christmas! If you care about saving these magnificent urban trees have your say and please lobby your Local Councillor, MP or email New River Retail Ltd at info@nrr.co.uk or write to postal address: 37 Maddox Street, London W1S 2PP. Email Patisserie Valerie with your views at: headoffice@patisserieholdings.co.uk.

Re: AWDM/1518/17 22 LYNDHURST ROAD

Now that we have had a chance to study the complete plans and measurements in detail The Worthing Society wishes to object to the aforementioned planning application. We do not object to the principle of redeveloping this site but object to some features of the proposed design.

The scheme does make an effort to fit in with its surroundings but taken overall the building is in our view too dominant and takes insufficient account of the character of this Conservation Area. It also fails to fit in sufficiently with the Locally Listed buildings along Lyndhurst Road, namely Shelbourne Terrace, Alexandra Tavern, the St Johns Ambulance building and also Horton Court which has a Distinction in Building award. The design should take close note of the guidance given in the Farncombe Road Conservation Area Appraisal Document and national and local planning policy. It does not go far enough. The proposal is a reasonable start but significant changes are required to meet the design requirements for an area such as this.

Given the size of the site and the character of the Conservation Area the proposed building is unduly assertive and bulky. Whilst the design stays within the building lines it pushes right up to the limit on most sides, substantially in excess of the current footprint. Whilst it does not significantly exceed the height of neighbouring buildings the height of 4 storeys is in excess of the two storey and occasionally three storey buildings predominantly seen in this area, as outlined in the Conservation Area Appraisal Document. The new development should therefore be a maximum of 3 storeys high.

We are particularly concerned by the tower on the northwest corner which seems too large and a rather inelegant addition to this end of the Conservation Area. It also appears to have a 5th floor at the top containing an additional room or rooms for which there are no plans. Whilst the idea in the Design and Access Statement to draw on the slenderness of the corner turret of the St John's Ambulance building may have merit the resulting 5 storey tower is far more bulky and architecturally less pleasing.

The closeness of the proposed building to its neighbour in the South Western corner, where the gap has been reduced from 21m to 6.9m at its narrowest point, also exacerbates the feeling of overbearing impact and we are concerned about the effect on residents living in Horton Court.

The combination of pushing the boundaries in terms of both area and height and the inclusion of the intrusive 5 storey corner tower make this building too dominant and not sufficiently sympathetic to the interests of its neighbours, the character of the area or the buildings within it.

The materials proposed and window designs are by and large satisfactory. However the Conservation Area Appraisal Document comments on the predominance of natural slate roofs in this area and therefore we dislike the use of zinc for the exterior of the recessed 4th floor. The building ought to respect the buildings in Lyndhurst Road as well as those in Farncombe Road so the developer might consider render as well as brick for the facing material on this side.

We regret the proposed loss of trees. The Conservation Area Appraisal Document specifically notes how "mature trees throughout the area create a pleasant setting for the buildings" and to cut down a significant number is inappropriate, particularly the magnificent Holly tree (tree number 2 on the plans) which is the subject of a TPO. We would like to see this tree retained. This together with the applicant's plans for the planting of new native trees will help maintain the character of the area.

We are concerned by vehicle access being onto Lyndhurst Road. This is a very busy east-west highway with a bus route. Making a right hand turn out of the new development into Lyndhurst Road will in our view be dangerous. The pavement along Lyndhurst Road is also heavily used by pedestrians,

particularly given its proximity to Worthing hospital, and having vehicle access across the pavement will in our view create an unnecessary danger for those travelling on foot. We would prefer the entrance/exit to be located on Farncombe Road and will await the views of West Sussex County Council Highways Department.

The way in which the parking provision has been calculated in Appendix 8 is confusing. The parking provision of 21 places for 30 flats is said to follow the WSCC calculator but the tables shown are contradictory saying 1 place is needed per flat but that 25 flats need 17 spaces and 4 flats need 3. One space per flat should be the minimum with some spaces for visitors.

Although somewhat outside our remit we are also disappointed by the lack of affordable housing and by the fact that this development is only available for those aged 55 and over. This would seem an ideal site to attract people of all ages.

In terms of specific planning policy we suggest the proposed design contravenes Core Strategy Policy 16; Saved Local Plan Policy CT3 and National Planning Policy Framework and Practice Guidance as well as Saved Local Plan H18 on amenity.

TEVILLE GATE

TEVILLE GATE

Have you heard about Station Square - the exciting vision for the site currently known as Teville Gate?

Public consultation information:

- Thursday 9 November, 6-9pm, [The Denham Room, Sanditon Conference Centre, Worthing College.](#)
- Friday 10 November, 4-8pm, [The Gordon Room, Worthing Town Hall.](#)

For people who cannot attend either event, an online survey will be available from Thursday 9 - Sunday 12 November. This will be available through the dedicated website - www.OurStationSquare.com.

Background information

Station Square will be a vibrant place for people to live their lives and where the best of city living will come to the heart of Worthing. Beautiful apartments designed for modern living, a state of the art supermarket, fabulous restaurants and a spacious gym for a healthier lifestyle, all wrapped in welcoming architecture, will make Station Square the most desirable place to live on the South Coast.

The development will create jobs for the community as soon as the construction starts. It will also contribute to the town's economy and reputation as a place to live, work and relax.

Development information

- Station Square will create up to **374** apartments. **Around 40%** will be available through the Private Rental Sector and **around 60%** will be available for private sale
- There will be studio, 1-bed and 2-bed apartments, ideal to meet the needs of young or growing families
- A number of well known brands are already committed to opening in Station Square as soon as possible. More detailed information about the development - including the latest images - will be available at the public consultations. You may be interested in following the progress through the dedicated website - www.OurStationSquare.com.

We are very grateful to Neil Hopkins (Communications Consultant for Station Square) for this information on the proposals for the development of the Teville Gate Site.
